

Y | thermostatic shower system for exposed installation

Finish: nickel (NI)

OMNIRES Y collection thrills with its simple line and an impeccable form which expresses the passion in pursuit for the ideal. The design has been inspired by and based on the shape of a circle. Its timeless and perfectly refined design, created in the spirit of minimalism, offers the maximum of interior design options.

Nickel is an industrial finishing in a silvery colour, with a satin, brushed surface. The product is coated using the advanced PVD technology.

Design: Janusz Langner, OMNIRES Studio

Technologies

The mixer is equipped with the highest quality thermostatic cartridge incorporating a 38°C lock. The cartridge protects against sudden temperature changes and guarantees long term product performance.

The EASY CLEAN nozzles allow the user to easily remove any limescale from the shower head by simply wiping their silicone surface.

The product is made of high quality A-grade brass.

The shower head is made using the ANTI-SCALE technology. It incorporates a silicone insert that prevents internal water stagnation. Occasional tilting of the shower head, so that any stagnant water could flow out through the nozzles, guarantees long term product performance.

The product is coated using the advanced PVD technology which guarantees highest possible durability, offers exceptional resistance to damage and facilitates cleaning.

Flow characteristics

- hot water supply: max. 90 °C
- working pressure 1-6 bar

Specification

- thermostatic shower mixer
- hot water lock at 38°C
- brass shower head, dimensions: $\varnothing 25$ cm, reach from the wall: 35 cm
- brass hand shower, 1-function
- stainless steel flexible shower hose, length: 150 cm
- shower head/hand shower stream switch embedded in the water knob
- adjustable height, minimum/maximum system height: 75 cm/120 cm
